

TO ALL RINGERS

THE NEW RINGING ORGANISER, NUBRA

As you are, no doubt, aware Carl Vernon will be taking up the position of Curator of Ornithology at the East London Museum in the New Year.

His new address is:

C.J. VERNON
East London Museum
319 Oxford Street
East London
E20 1

Now to introduce myself:

I graduated from U.C.T. in 1969 with an honours degree in microbiology and subsequently spent six years in the food industry. At the beginning of 1976 I returned to U.C.T. to read for an M.Sc in Environmental Studies which I hope to complete in the next two years. My particular interest is the biology and conservation of wetlands and their associated avifauna.

I look forward to a cordial and fruitful relationship with you all.

Yours sincerely

Patrick Morant

P.D. MORANT
RINGING ORGANISER
